Reusable
Bags
Designed to your specifications ~ we go beyond selling bags
We provide sustainable solutions to showcase your brand
We'd love to work with you to design a sustainable solution to meet your project needs
REUSABLE BAGS | THERMAL BAGS | HEAT-SEALED BAGS | PAPER BAGS
NYLON BAGS | WINE BAGS WITH DIVIDERS | ECO-FRIENDLY PACKAGING
PRIVATE-LABEL BRANDING ON YOUR OWN CREATION

Reusable Bags

Available in custom sizes, materials, printing and design with silkscreen, hotstamping and lamination. Design options include specialty handles, foldable bags, pockets, snaps, zippers and velcro closures.
Material options:
- Non-woven polypropylene (PP)
- Woven PP
- Recycled PET
- Cotton
- Bamboo
- Nylon
- Specialty fabrics also available

Materials contain recycled content, are lead and contaminant-free.

Wine Bags With Dividers

Our custom wine bags are made to your required specifications.

Choose any number of dividers and divider style. We can manufacture and customize reusable bottle bags for a variety of sizes and uses.

Material options:
- Non-woven polypropylene (PP)
- Woven PP
- Recycled PET
- Cotton
- Bamboo
- Specialty fabrics also available

Heat-Sealed Bags

Inexpensive and environmentally friendly. Our heat-sealed bags are machine made from nonwoven material. These reusable bags are available in various sizes, styles and custom options.

- T-shirt
- Grocery style
- Die cut handle

Paper Bags

Our paper bags are available in standard and custom sizes, in various papers and thicknesses, with a variety of design options including fully recyclable decorative paper handles, cotton cord or ribbon handles, various shapes, paper types, and print options.

Locally made bags are a great Canadian option!

HandyBags

Easy To Carry, Hard To Forget!

Our unique design features a concealed, attached inner pouch that makes it easy to simply tuck the bag back into the pouch. No folding required, no seperate pouch to lose.

- The Single Handybag fits easily into a pocket or purse.
- The 3-in-1 Handybag has 3 single Handybags in one. The 3 bags stuff right into one larger built-in pouch hidden on the inside of one bag - the pouch is secured so it won't get lost.
- Both styles have a high quality carabiner clip which makes the pouch easy to attach onto a key ring or bag.
- Available in a variety of colours, custom sizes and custom logo design.

Recycled plastic bags and compostable bags

For those who prefer to stay with the traditional look of 'plastic' bags, we offer customizable eco-friendly alternatives such as:

- 100% COMPOSTABLE BAGS that can be reused to line your green bins
- RECYCLED PLASTIC BAGS made from 10% up to 100% recycled materials. You choose the amount of recycled content!

Thermal Bags

Our reusable thermal bags are made with recyclable materials and can keep whatever you place inside hot or cold without icepacks for up to 3 hours. Custom sizes, shapes, and styles.

Our reusable take-out pizza bags use openings designed to release excess steam to allow you to take home delicious food without losing the 'just-cooked' freshness.

Beautiful bags for brands
